

I am Jane Joytika and I attend Liberty Baptist Church in Ba, Fiji Island. I got saved on a Friday youth night that is 9th April 2004 and got baptized on the following year that is 6th of February, 2005. My Life verse is Galatians 2:20.

It was such an amazing day for me when I gave my all to Him and accepted him in my heart as my personal Lord and Saviour. That time I was just 17 years of age but I still wished that if it could have been much earlier.

I was brought up in a Hindu family. As you all know that Indians are very much into idol worships. Well I was considered as one of them, who were very religious, shellfish and prideful person. I used to worship idols and do all sorts of rituals in order for me to earn a place in heaven which in other word means good work. I was very reserved and blinded by the false teaching of Hinduism.

But all these faded away when reality faced my life. My Mum got very ill because of witchcraft. I did everything which I could to heal her from her illness but nothing happened. I was bowing down before the idols, fasted for days but there was no answer. Later down the line I realized that, the gods which I was serving have ears but they don't hear, have eyes but cant see, have mouth but cant talk. Well all this situations opened my eyes and I started searching for the true living Saviour who can give me that eternal peace which I was looking for. I kind of shared all my problems to one of my friend who was a born again believer and used to attend Liberty Baptist Church. She gave me advice and told me I can only have that peace which I am looking for only through Christ Jesus.

I knew that it would be impossible for me because of my family but her words kept on repeating in my mind throughout the week. So it was on that Friday that I attend youth night and received Christ in my Heart as my personal Lord and Saviour. The preacher was preaching from the Book of Matthew regarding heaven and hell. That was the day for me. I had that peace which I

had been looking for. Secretly I told this to my mother and she was happy about it instead of being angry. Well my mum didn't get any healing but got a miracle in her life. She was the first person I got to lead to the Lord which was on her death bed.

God is really good to me. I really wanted to know this God more and He made it possible for me. I attended Bible College for four years here in Fiji. That is South Pacific Baptist Bible College and just graduated last year. There were ups and downs in my life but I now that He was there for me to overcome those trials in my life. Yes it is true that sometimes God

takes us through deep waters not to drown but to uplift you again.

Currently I am helping out here at my home church. I am one of the Supervisor in Liberty Baptist Christian Academy. I am so thankful for what He has done in my life. As I gave my all to Him I know that where I am and what I am today, it is because of His faithfulness and His Grace in my life.

A Servant of Christ
